

Melody Yuen

Junior Software Developer | 07774 195 561 | melody.yuen@icloud.com | Staines | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

PERSONAL STATEMENT

Highly motivated Software Developer with over two years of experience in hybrid mobile application development, complemented by recent intensive full-stack training in JavaScript, Node.js, and React. Experienced in building scalable, user-centric solutions using TDD and Agile methodologies, with hands-on experience across RESTful APIs, PostgreSQL, and Firebase. Background in healthcare systems and AI training has strengthened problem-solving ability, technical rigour, and adaptability, with a strong commitment to continuous learning and delivering high-quality, reliable software.

TECHNICAL SKILLS

- **Languages:** JavaScript, TypeScript, Python, Java, Go (basic)
- **Frontend:** HTML, CSS, React, Tailwind CSS
- **Backend:** Node.js, Express.js, RESTful APIs
- **Databases:** PostgreSQL, Firebase Firestore
- **Mobile Development:** React Native (Expo)
- **Testing:** TDD (Jest, Supertest)
- **Practices:** Agile (Scrum, Kanban), CI/CD, paired programming
- **Tools:** Git, GitHub, GitHub Actions

PROJECTS

Work-XP Mobile Application | React Native, TypeScript, Firebase | [GitHub](#)

- Built a React Native (Expo) app with TypeScript in an agile team of 6 to connect students with short-term work opportunities and businesses with hiring needs.
- Implemented secure authentication with Firebase and real-time chat with Firestore.
- Integrated Cloudinary for image uploads and React Native Paper for UI components.

NextCore News Web Platform | Node.js, Express, PostgreSQL, React | [GitHub](#)

- Built a news platform enabling interactive article browsing and community engagement where users can post articles, comment, vote, and explore content by topic.
- Implemented a RESTful API handling the data.
- Developed a responsive React front-end with intuitive navigation and dynamic content.
- Applied TDD with Jest and Supertest; deployed backend on Render, frontend on Netlify.

PROFESSIONAL DEVELOPMENT

Software Development in JavaScript - Bootcamp | Northcoders

Dec 2024 - Mar 2025

- Completed intensive full-stack training with JavaScript, Node.js, React.
- Built and deployed multiple full-stack apps using TDD and Agile methodologies.
- Strengthened collaboration through paired programming, Git workflows, and team projects.

EXPERIENCE

AI Trainer (Independent Contractor) | Outlier

Sept 2024 - Dec 2024

- Reviewed, corrected, and debugged AI-generated code outputs.
- Applied reinforcement learning techniques to improve coding task accuracy and reliability.

Career Gap

2021 - 2024

- Relocated from Hong Kong to the United Kingdom.
- Undertook self-study in JavaScript and Node.js to maintain and develop technical knowledge.
- Designed and self-published a photobook, applying project management, creativity, and end-to-end delivery skills.

Software Developer | Gleneagles Hospital Hong Kong

May 2019 - July 2021

- Developed hybrid mobile applications using Ionic (Angular), improving staff workflows.
- Built and maintained web applications, enhancing internal processes and usability.
- Integrated Python RESTful APIs and contributed to backend modifications.
- Collaborated on system monitoring development with C#.

EDUCATION

Bachelor of Social Sciences (2:1) | University of Hong Kong

Sept 2013 - June 2018

- **Major:** Psychology | **Second Major:** Computer Science
- **Relevant Coursework:** Computer Programming, Data Structures and Algorithms, Artificial Intelligence, Software Engineering, Object-Oriented Programming and Java, Web Technologies, Advanced Database Systems
- **Academic Project:** A Navigation System for Wheelchair Users in HKU Campus | Swift, Mapbox SDK
 - Built an iOS app to help wheelchair users find accessible routes across campus.
- **Exchange Programmes:**
 - Keio University, Japan (6 months) - Japanese Language and Cultural Studies
 - Yonsei University, South Korea (4 months) - Computer Graphics and Social Sciences

Hong Kong Diploma of Secondary Education | True Light Middle School of Hong Kong

Sept 2007 - June 2013

- Information and Communication Technology (with Programming elective): 5* (A equivalent)
- English Language: 5 (A equivalent)

CERTIFICATES

- **Intro to GoLang** | 01Founders (2025)
- **Software Development Bootcamp in JavaScript** | Northcoders (2025)

LANGUAGES

- English (Fluent), Cantonese (Native), Mandarin (Fluent)

INTERESTS

- Photography: Portraits and travel, with experience in editing and self-publishing photobooks.
- Drawing: Pencil sketching and watercolor.
